liquid polishes/protectants

Since 1927, Arrow-Magnolia has helped people solve their cleaning and maintenance problems with the finest products available today.

ARROW-MAGNOLIA International, Inc.

TRUCK KOTE WINTERIZED

Liquid

HIGHLIGHTS

- Concrete Release Agent
- Exceeds all VOC Requirements
- Ready to Use
- Great on Almost Any Form
- Oil Based
- Biodegradable
- Works Down to 25 F

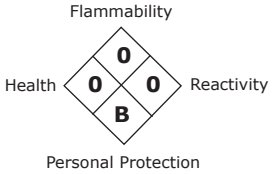
TYPICAL PROPERTIES

- Vapor Pressure: **2.60**
- Volatility: **43**
- Solubility: **Yes**
- Specific Gravity: **0.907**
- Vapor Density: **N/A**
- pH: **7.0**
- Evaporation Rate: **Slower than ether**
- Physical Description: **Clear water white or artificially colored liquid w/characteristic odor**

SAFETY CAUTIONS

- Keep out of reach of children.
- Store in closed, labeled containers.
- Refer to MSDS for additional safety information.

HMIS RATINGS



DESCRIPTION:

TRUCK KOTE WINTERIZED is a unique blend of chemical surface active agents, fatty acid oils and organic corrosion inhibitors designed to chemically react with the alkaline ingredients contained in common concrete. This reaction produces a barrier between the applied surface and concrete. This prevents bonding or adhesion between the concrete and the surface which it contacts and makes its removal with a brush or scraping tool very easy. TRUCK KOTE WINTERIZED will not discolor or stain concrete or interfere with the setting or structural strength. It is recommended for use by building contractors, brick and concrete manufactures, pre-cast and pre-stressed-concrete plants, concrete contractors of all types, concrete pipe companies and any other circumstances where concrete is used for any purpose.

DIRECTIONS:

TRUCK KOTE WINTERIZED is disigned to be used as is. Spray, roll, or brush on product. May be used on painted or unpainted surfaces.
