PROSHINE

Liquid

HIGHLIGHTS

- Clear Protective Coating
- Water & Soil Resistant
- Non-Toxic & Corrosive
- Dries to a Clear, Hard Finish
- Easy to Apply - Labor Saver
- Tension Breaker

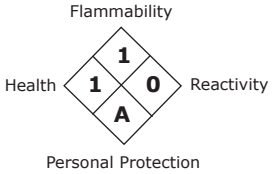
TYPICAL PROPERTIES

- Vapor Pressure: **31**
- Volatility: **97**
- Solubility: **Yes**
- Specific Gravity: **.969**
- Vapor Density: **N/A**
- pH: **7.50**
- Evaporation Rate: **Slower than ether**
- Physical Description: **Opaque white liquid w/alcohol odor**

SAFETY CAUTIONS

- Keep out of reach of children.
- Use under normal atmospheric conditions in well-ventilated areas.
- Keep containers closed when not in use.
- Refer to MSDS for additional safety information.

HMIS RATINGS



DESCRIPTION:

PROSHINE is a unique formulation of micro-crystalline particles designed to protect golf cart equipment from undesirable soiling. Equipment will remain bright, clean and polished with regular use. PROSHINE will not stain, streak, discolor or gum-up and prevents rust. It provides a clean, weather and water-resistant base coat that protects plastic and metal while preventing soils from sticking to the surface

DIRECTIONS:

Thoroughly clean carts before applying PROSHINE using BULLDOZER diluted with water through a pressure sprayer. Just spray on with any simple pressure sprayer and wipe dry with a soft cloth. To remove soil deposits from your PROSHINE protected carts after use, rinse the cart with BULLDOZER diluted with water from a pressure hose. The protective coating is not affected by adverse weather conditions.
