

liquid cleaners/degreasers

Since 1927, Arrow-Magnolia has helped people solve their cleaning and maintenance problems with the finest products available today.

HIGHLIGHTS

- Citrus-Based Degreaser
- Highly Concentrated
- Non-Flammable
- Environmentally Friendly
- Pleasant Smelling
- Meets All R.C.R.A. Regulations

TYPICAL PROPERTIES

- Vapor Pressure: **2.60**
- Volatility: **90**
- Solubility: **Non-Soluble**
- Specific Gravity: **0.861**
- Vapor Density: **Heavier than Air**
- pH: **N/A**
- Evaporation Rate: **N/A**
- Physical Description: **Clear, amber liquid w/pleasant odor**

SAFETY CAUTIONS

- Keep out of reach of children.
- Store in closed, labeled containers.
- Refer to MSDS for additional safety information.

HMIS RATINGS

RLP 9000 PLUS

Liquid

DESCRIPTION:

RLP 9000 PLUS is a highly concentrated solvent-based degreaser made from the oils of all citrus fruits. Because it is almost entirely citrus-based, you can be confident that RLP 9000 PLUS will be safe for the environment and completely biodegradable.

Quickly penetrate and liquefy heavy grease and oil deposits with this user friendly product formulated with the help of "Mother Nature." The refreshing citrus fragrance deodorizes as you clean and will not harm most hard surfaces.

The cleaning value of this solvent is considered to be equal to dry cleaning solvent without the environmental hazards that are common with chlorinated solvents and other hydrocarbon solvents.

DIRECTIONS:

Spray or wipe RLP 9000 PLUS solution liberally, let set, agitate, then rinse with water.

RLP 9000 PLUS can be used in many different cleaning systems and may be mixed with water, depending on the job at hand.

For Odor Control: Dilute 8 ounces of RLP 9000 PLUS with a gallon of water and mist area.

For Flow Lines and Tank Bottoms: Mix 20 gallons with 80 barrels of oil, heat to 140-160° F and circulate. RLP 9000 PLUS will cause a three phase separation. RLP 9000 PLUS is a safe solvent to help dissolve paraffin.
