

# liquid cleaners/degreasers

Since 1927, Arrow-Magnolia has helped people solve their cleaning and maintenance problems with the finest products available today.

**ARROW-MAGNOLIA**  
**INTERNATIONAL, INC**

SINCE 1927

## HIGHLIGHTS

- Powerful Water Based Cleaner & Degreaser
- Multi Purpose
- Highly Dilutable
- Non Corrosive & Non Toxic
- Non Hazardous & Non Flammable
- Completely Biodegradable
- Brightens Paint

## TYPICAL PROPERTIES

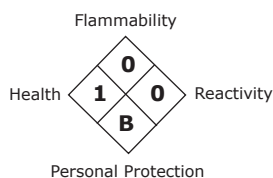

- Vapor Pressure: **31**
- Volatility: **84**
- Solubility: **Yes**
- Specific Gravity: **1.024**
- Vapor Density: **N/A**
- pH: **12.40**
- Evaporation Rate: **Slower than Ether**
- Physical Description: **Clear Yellow Liquid w/Butyl Odor**

## SAFETY CAUTIONS

- Keep away from children.
- Store in original containers.
- Keep sealed when not in use.
- Shelf life of one year
- Refer to SDS for additional safety information.

## HMIS RATINGS

# BULLDOZER

## LIQUID DESCRIPTION:

BULLDOZER is a powerful, yet versatile water based cleaner and degreaser. As a water-soluble, biodegradable, non-flammable, and non-toxic concentrate, it may be used in pennies per gallon dilutions to outperform other cleaners. Pleasantly scented and stainless, it leaves no oily film or residual gumminess.

BULLDOZER is safe to use on metals, electrical insulations, and most painted and plastic surfaces. It pays for itself in virtually unlimited applications by replacing many obsolete degreasers with one all purpose concentrate. Can be used as tool cleaner, steam cleaner, crude oil cleaner and rig wash.

**\*When used according to label directions, this product is approved for use in USDA Inspected Meat and Food Processing Facilities.**

## DIRECTIONS:

\*Using BULLDOZER on food surfaces should be followed by a potable water rinse.

-General Cleaning: BULLDOZER is meant to be used with a recommended dilution rate of 20:1. Proper dilution can be determined through actual practice and use of the product. Can be applied with a spray gun or by rag or brush hand application. On heavy build up, rag or brush will aid cleaning. Just hose off and let dry.

-Steam Cleaning: Prepare solution in tank by using 1 gallon BULLDOZER per 60 gallons of water. Actual use will determine final proper amount. Amounts of degreaser will vary with the job. This degreaser will completely remove all grease and oil, anodizing the surface to retard rusting.

-Will not corrode aluminum or aluminum alloys.
