DUDEWHUCLWCFZGRU

## SAFETY CAUTIONS

- Keep out of reach of children.
- Keep in original containers.
- Keep sealed when not in use.
- Refer to SDS for additional safety information.

## HMIS RATINGS

# CARBON-X

## LIQUID DESCRIPTION:

One of the best known aviation cleaners in the world, CARBON-X has been trusted for decades by those who are serious about maintaining their aircraft. It is a water soluble, biodegradable, non-flammable, non-toxic concentrate, which can be used in pennies-per-gallon dilutions to out perform other cleaners.

Pleasantly scented, and stainless, it leaves no oily film or residual gumminess. Safe to use on metals, electrical insulations and most painted and plastic surfaces. It will pay for itself in its virtually unlimited applications by replacing many obsolete degreasers with one all purpose cleaner. Approved for use as aircraft exterior surface cleaner.

## DIRECTIONS:

\*HHUDDOHHDL

Use up to 20 parts of water to 1 part of CARBON-X. Proper dilution can be determined through actual practice and use of the product. Can be applied with a spray gun, rag or brush hand application. On heavy build-up, rag or brush will aid cleaning. Just hose off and let dry.

-Steam Cleaning:

Prepare solution in tank by using 1 gallon CARBON-X per 60 gallons of water. Actual use will determine final proper amount. Amounts of degreaser will vary with job. This degreaser will completely remove all grease and oil, anodizing the surface to retard rusting. Will not corrode aluminum or aluminum alloys.
