

# aerosol lubricants/greases

Since 1927, Arrow-Magnolia has helped people solve their cleaning and maintenance problems with the finest products available today.

**ARROW-MAGNOLIA**  
INTERNATIONAL, INC.

## TYPICAL PROPERTIES

- Premium Penetrating Lubricant and Release Agent
- Excellent Water Displacement
- Non-Flammable
- Spray any way Valve
- Dissolves Rust and Corrosion Instantly
- Quickly Penetrates Through Grease, Oil, and Soils
- Lubrication Provided by PTFE
- 9Vtbcá jW' & \$' cn' 7Ub

## HIGHLIGHTS

- Vapor Pressure: \*\*
- Volatility: B#5
- Solubility: =bgc'i VY
- Specific Gravity: 1.' , \*
- Vapor Density: N/A
- pH: N/A
- Evaporation Rate:  
B#5
- Physical Description: 'CdUei Y'  
Vfck b' gdfUnz'a jbhUbX'  
gc'j Ybhcxcf'

## SAFETY CAUTIONS

- Keep out of reach of children.
- Do not puncture or incinerate containers.
- Do not store at temperatures above 130 F.
- Avoid food contamination
- Avoid breathing vapors.
- Remove ignition sources. Refer to MSDS for additional safety information.

## HMIS RATINGS

# CD-80

## Aerosol DESCRIPTION:

CD-80 works immediately, loosen rust instantly to free frozen nuts, bolts, and fittings without damage to the metal. Penetrates deeply into close-tolerance critical areas to free even counter sunk bolts. CD-80 strong solvent-based formula penetrates through water, grease, oil and other soils quickly working faster to save time and labor. Contains PTFE to help coat metal surfaces to prevent further rust and corrosion. CD-80 is a Nonflammable, premium penetrating lubricant making it a safer product to use in the workplace. In some cases, with severe rust and corrosion a torch is sometimes used, and many penetrating fluids are flammable which creates a more hazardous situation. Large 20 oz cans make CD-80 more economical to use.

## DIRECTIONS:

Hold container upright 6 to 8 inches from the surface to be sprayed. Spray area to be treated liberally and allow sufficient time for complete penetration, 20 to 30 seconds. For extremely rusted and corroded parts additional product made be used and tapping or heating may be required. NOTE: when changing the spray nozzle or inserting the extension tube always point the arrow on the spray nozzle away from your face and eyes.
