- Highly Concentrated
- Non Toxic, Non Flammable, Non Corrosive

TYPICAL PROPERTIES

- Vapor Pressure: **31**
- Volatility: **94**
- Solubility: **Yes**
- Specific Gravity: **1.07**
- Vapor Density: **N/A**
- pH: **12.5**
- Evaporation Rate: **Slower than**

Ether

- Physical Description: **Clear Liquid**

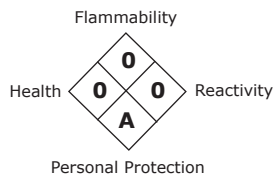

w/Characteristic Odor

SAFETY CAUTIONS

- Keep out of reach of children.
- Store in a cool dry area.
- Do not eat or swallow.
- Refer to SDS for additional safety information.

HMIS RATINGS

FLEET WASH

LIQUID DESCRIPTION:

FLEET WASH is a premium concentrated liquid vehicle and equipment wash. It was originally formulated for private aviation aircrafts, but now it's ideal for any painted vehicle or equipment surface.

FLEET WASH will remove exhaust deposits, road film, and bug residues. This all-in-one application is designed to be applied without having to brush. FLEET WASH contains no caustics, acids, phosphates or solvents.

FLEET WASH is an outstanding mobile vehicle and construction crane wash, especially for high pressure applications and is highly effective at removing saltwater residue.

DIRECTIONS:

General Cleaning:

Dilute up to 40 parts of water to 1 part of FLEET WASH. Proper dilution can be determined through actual practice and use of the product. Can be applied with a spray gun or by rag or brush hand application. On heavy buildup, rag or brush will aid cleaning. Just hose off and let dry.

-CAUTION: Always test on small area with light pressure before use. May dull painted or finished surfaces. Always follow up with a high pressure rinse to attain a film free, wax-like shining surface.
