GTM-11

LIQUID DESCRIPTION:

GTM-11 is a D 'Limonene based all natural grease trap maintainer solvent. It is designed to help prevent the buildup of greases and oils that accumulate in grease traps, drains, sumps, and down pipes. These residues decrease the effectiveness of the drainage systems and cause offensive odors. Because it floats on top of the grease trap liquid, GTM-11 will both deodorize and provide a pleasant citrus scent.

GTM-11 is non-toxic, non-acid, and non-caustic. This product works well in restaurants as well as other institutions that serve food. It also works well in bars. GTM-11 eliminates fruit flies, gnats, and other annoying insects. It quickly and efficiently dissolves plastics and other items that clog drains.

DIRECTIONS:

- Clean or pump out the grease trap prior to using GTM-11.
- Pour at least one pint in the trap each week, preferably at the end of the day.
- Initial shock treatment of 1 gallon per drain and maintenance of 1 pint every 3-7 days.

HIGHLIGHTS

- Powerful Grease Trap /Drain Line Solvent
- Caps & Cleans & Deodorizes Drains/Sumps/Lift Stations, Pipes & Grease Traps
- Powered by Citrus Oils-D'limonene
- Non Toxic, Non Acid, Non Caustic
- Completely biodegradable
- No Petroleum Distillates
- Eliminates Fruit Flies by Destroying Their Food Source

TYPICAL PROPERTIES

- Vapor Pressure: **6.20**
- Volatility: **100**
- Solubility: **No**
- Vapor Density: **Heavier than**

Air

- Specific Gravity: **0.8562**
- Evaporation Rate: **N/A**
- Physical Description: **Clear**

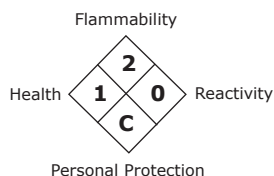

Liquid w/Citrus Odor

SAFETY CAUTIONS

- Keep out of reach of children.
- Use non-sparking utensils when handling this material.
- Avoid hot metal surfaces.
- Use under atmospheric conditions in well ventilated areas.
- Keep away from excessive heat and open flames.
- Refer to SDS for additional safety information.
