ARROW-MAGNOLIA
INTERNATIONAL, INC

SINCE 1927

HIGHLIGHTS

- Odorless, Non Toxic
- Rustproofs, Waterproofs
- Fast Drying & Long Lasting
- Prevents Sticking, Squealing, & Binding on Most Surfaces
- USDA Approved H1
- 20 Ounce Can

TYPICAL PROPERTIES

- Vapor Pressure: **
- Volatility: **B#5**
- Solubility: **miscible**
- Specific Gravity: **0.8**, *
- Vapor Density: **N/A**
- pH: **N/A**
- Evaporation Rate: **B#5**
- Physical Description: **Clear-Cloudy, Colorless Spray/Mist, Odorless**

SAFETY CAUTIONS

- Keep out of reach of children.
- Use non-sparking utensils when handling this material.
- Avoid hot metal surface.
- Use under atmospheric conditions in well ventilated areas.
- Keep away from excessive heat and open flames.
- Keep containers closed when not in use.
- Refer to SDS for additional safety information.

HMIS RATINGS

HI-SLIP

AEROSOL DESCRIPTION:

HI-SLIP is an extremely slick, versatile polymethyl siloxane broad spectrum dry silicone lubricant and release agent that is colorless, odorless and non-staining that can be used for a multitude of applications. Everyone always needs a great lubricant that does not attract dust and dirt, provides excellent lubricating properties that can be used on any surface. HI-SLIP is non-toxic and USDA approved for applications requiring H1 food grade. This super slick silicone dry lubricant and release agent repels water, provides long lasting protection, even prevents rust and corrosion.

HI-SLIP can be used for residential, hospitality, restaurant, recreational, commercial, institutional, industrial, correctional, manufacturing as well as many more commercial applications.

HI SLIP can be considered the "Universal Lubricant" which finds applications in all types of situations including food processing procedures of all types.

Uses: chains, cables, rollers, exercise equipment, door hinges, drawer glides, windows slides, latches, blade lubricant, drill bits, slide table lubricant, mold release and much more.

Industry uses: equipment and machinery lubricant, blending, packing, cutting, grinding, cooking, wood working, sewing etc.

***When used according to label directions, this product is approved for use in USDA Inspected Meat and Food Processing Facilities.**

DIRECTIONS:

-Shake well before using. Hold can approximately 8 to 10 inches from the surface to be treated. Depress the spray nozzle on a thin application is needed.

-Product is extremely slick. DO NOT get product on walked upon surfaces. They could become slippery, especially when wet.

-Apply as needed for lubricant or release agent.
