SAFETY CAUTIONS

- Store out of reach of children.
- Store in closed, labeled containers.
- Keep sealed when not in use.
- Protect against heat and cold.
- Refer to SDS for additional safety information.

HMIS RATINGS

MARINE BRITE

LIQUID DESCRIPTION:

MARINE BRITE is a powerful cleaner that quickly removes most stains from fiberglass and gelcoat. This powerful, low pH cleaner is a proven way to deep clean and remove a wide variety of stains from waterline rust and scum to mold /mildew and buildup stains and rust drips and stains from metal hardware, fittings and screws.

MARINE BRITE is completely biodegradable, contains no harsh acids and is ideal for hull and deck cleaning and is safe on fiberglass, gelcoats, metal and painted surfaces.

DIRECTIONS:

Spray or wipe on surface and rinse off thoroughly with water. For best results, let it sit for a minute or two before rinsing.

-Agitation with a brush or scrub pad as necessary prior to rinsing for tougher stains and faster results.

-Test on inconspicuous spot on polished aluminum prior to application.
