ARROW-MAGNOLIA
INTERNATIONAL, INC

SINCE 1927

OXIDE +

LIQUID DESCRIPTION:

OXIDE + harnesses the power of hydrogen peroxide to make an unparalleled cleaning product. OXIDE + is excellent for use as a general purpose cleaner, degreaser, and restroom cleaner. Very effective on tile, grout, sinks, tubs, showers, and toilet bowls.

OXIDE + couples an organic solvent derived from orange and citrus peels with hydrogen peroxide creating a cleaning solution with unequaled ability to dissolve and emulsify many soils.

This product's cleaning effectiveness also makes it extremely safe to use in kitchens and food prep areas while powerful enough to use on soiled industrial applications. Deodorizes as it cleans!

Areas of use: removes grease, grime, oil based stains, adhesives, organic matter, soap scum, mineral deposits, cooking grease and food soils. Even works on metal surfaces!

DIRECTIONS:

-Dilute depending on light duty applications at 2 ounces of product per gallon of water and go from there. Can be used up to full strength for heavy duty industrial soils and stain removal.

-Apply with trigger sprayer and minimal to no scrubbing needed. Repeat application and rinse if needed.
